# Project Recap

Social Buzz is a global unicorn company that has reached a huge scale in recent years. Accenture has embarked on a 3 month pilot with Social Buzz to focus on 3 main tasks:

- ✓ An audit of Social Buzz's big data practice
- ✓ Recommendations for a successful IPO
- ✓ Analysis to find Social Buzz's top 5 most popular categories of content

# Problem

Over 100000 posts per day which amounts to 36,500,000 pieces of content per year!

But how to capitalize on it when there is so much?

# Summary

## ANALYSIS

Animals and science are the two most popular categories of content, showing that people enjoy "real-life" and "informative" content the most.

## INSIGHT

Food is a common theme with the top 5 categories with "Healthy Eating" ranking the highest. This may give an indication to the audience within your user base. You could use this insight to create a campaign and work with healthy eating brands to boost user engagement.

## NEXT STEPS

This ad-hoc analysis is insightful, but it's time to take this analysis into large scale production for real-time understanding of your business. We can show you how to do this.
